

## THE ELOTÉ MISSION

*We at Eloté strive to serve you amazing food every day by using the freshest ingredients available. Our bodies need nourishment in order to thrive and nutrition is key. We know how difficult it is to eat healthy, fresh food in our busy lives and we are dedicated to making that easier for you. Fresh ingredients and our love for food enable us to deliver tasty, healthy, filling food straight from our kitchen right to your plate. We do all this while limiting negative environmental impact through green practices.*

*Go green, go fresh and eat Eloté!*

*Here are just a few things we are doing with consideration for our environment and your health.*

- *Our meats are organically grain fed and raised in Bixby, Oklahoma at Natural Farms.*
- *We compost! Our produce remnants are composted and later used to nourish the soil that grows our Three Springs Farm menu items.*
- *We recycle our fryer oil to make clean burning bio-diesel fuel.*
- *All of our printing is done on 100% recycled and Forest Stewardship Council certified paper.*
- *We leave out unnecessary fats in our food and substitute them with fresh herbs and spices, never sacrificing flavor.*
- *We support local farmers and vendors.*

*Our local vendors include Natural Farms, Three Springs Farm, Highland Dairy, Pancho Anaya Panaderia, Fisher Eggs, Curtis Restaurant Supply, and Fadler Market.*
